UNITED STATES GOVERNMENT

Approved For Release 2004/03/26 : CIA-RDP78B05703A000200010004-9

Memorandum

TO : Director of Logistics

DATE: 21 DEC 1970

FROM : Deputy Chief, Real Estate and Construction Division, OL

SUBJECT: Vibration Study - NPIC

1. No administrative problems are foreseen.
2. The contract will be on a time and material basis not to exceed an amount not yet established.
3. Funds are adequate.
4. The first technical meeting will take place on 6 January 1971 at the [redacted] offices in L'Enfant Plaza. [redacted] (acoustical consultant) will be present. Talks will cover the entire technical aspect with a view to establishing the technical parameters. Specific coverage will be given to the borings requirement of our consultant. I have already asked [redacted] Vice President [redacted] to consider advancing their boring timetable to meet our target dates.

5. The latest timetable for that portion of the subway tunnel passing [redacted] follows:

Section F-3 roughly between waterfront and including the Navy Yard Station.

Design starts September 1972

Construction - January 1974 to January 1976

Operation - June 1978

This timetable undoubtedly will be changed and will be updated periodically.
